## GRANITE

# Undermount Sinks

### NATURALLY UNDERSTATED

When a kitchen calls for a softer look than stainless, granite is the natural choice. Our Urban Granite pairs natural warmth and hard-working innovation.

Crafted for durability with Kindred's patented DuraKleen technology, our granite sinks resist stains and stand up to temperatures as high as 536°F / 280°C. Sanitized® technology makes sink surfaces resistant to microbial and bacterial growth. This means the finish repels most stains like wine, coffee, and grease.

### COLORFAST PROTECTION

UV Protection ensures that these beauties maintain their natural tones for years.

### SANITIZED® HYGIENE FUNCTION

Helps control bacterial odor and microbial growth.

### SCRATCH RESISTANT

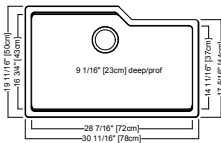

Made from high quality quartz and acrylic resin that makes the sink incredibly robust and hard wearing.

Damage caused by impurities, corrosive chemicals or acts beyond Franke’s control are not covered by any Warranty.

Kindred product replacements do not include transportation, shipping, diagnosis, labor, installation, removal, disposal for any products or liability for project delays. Product replacements are not guaranteed to be exact replacements. The owner of a product is liable for any transportation and re-installation costs related to any warranty for such product. If the original product is not available at the time of the warranty claim, at Franke’s option, the product replacements will be of similar size, material, and value. Any products or components which have been modified or altered, from its original intended condition will void the warranty.
