oceania[®]

water • attitude

Because water flows, trickles, rushes and swirls. Because water is restorative, soothing and cleansing.

Because water captivates, enthralls and fascinates. Because water is the source from which life springs.

We, Oceania, strive to reflect the wealth of its blessings.

Water—our inspiration.

PERFECTION

Elusive in its astonishing mutability, water embodies the perfection of matter itself.

That is what Oceania wants to preserve, so that water can generate each and every one of its benefits.

PERFECTION IN DESIGN

a profusion of clean lines • contemporary • traditional • classic • transitional looks that create an environment • art • sensibility • **Oceania design**

PERFECTION IN TECHNOLOGY

when science and intelligence • creativity and skill combine to create ingenious devices ideal systems • absolute reliability • **Oceania technology**

PERFECTION IN FUNCTIONALITY

the mechanics at work are indiscernible • only their effect exists • an imperceptible cocoon the delight of floating • the sweet pleasure of water in its many forms • **Oceania functionality**

CREATIVE INTELLIGENCE

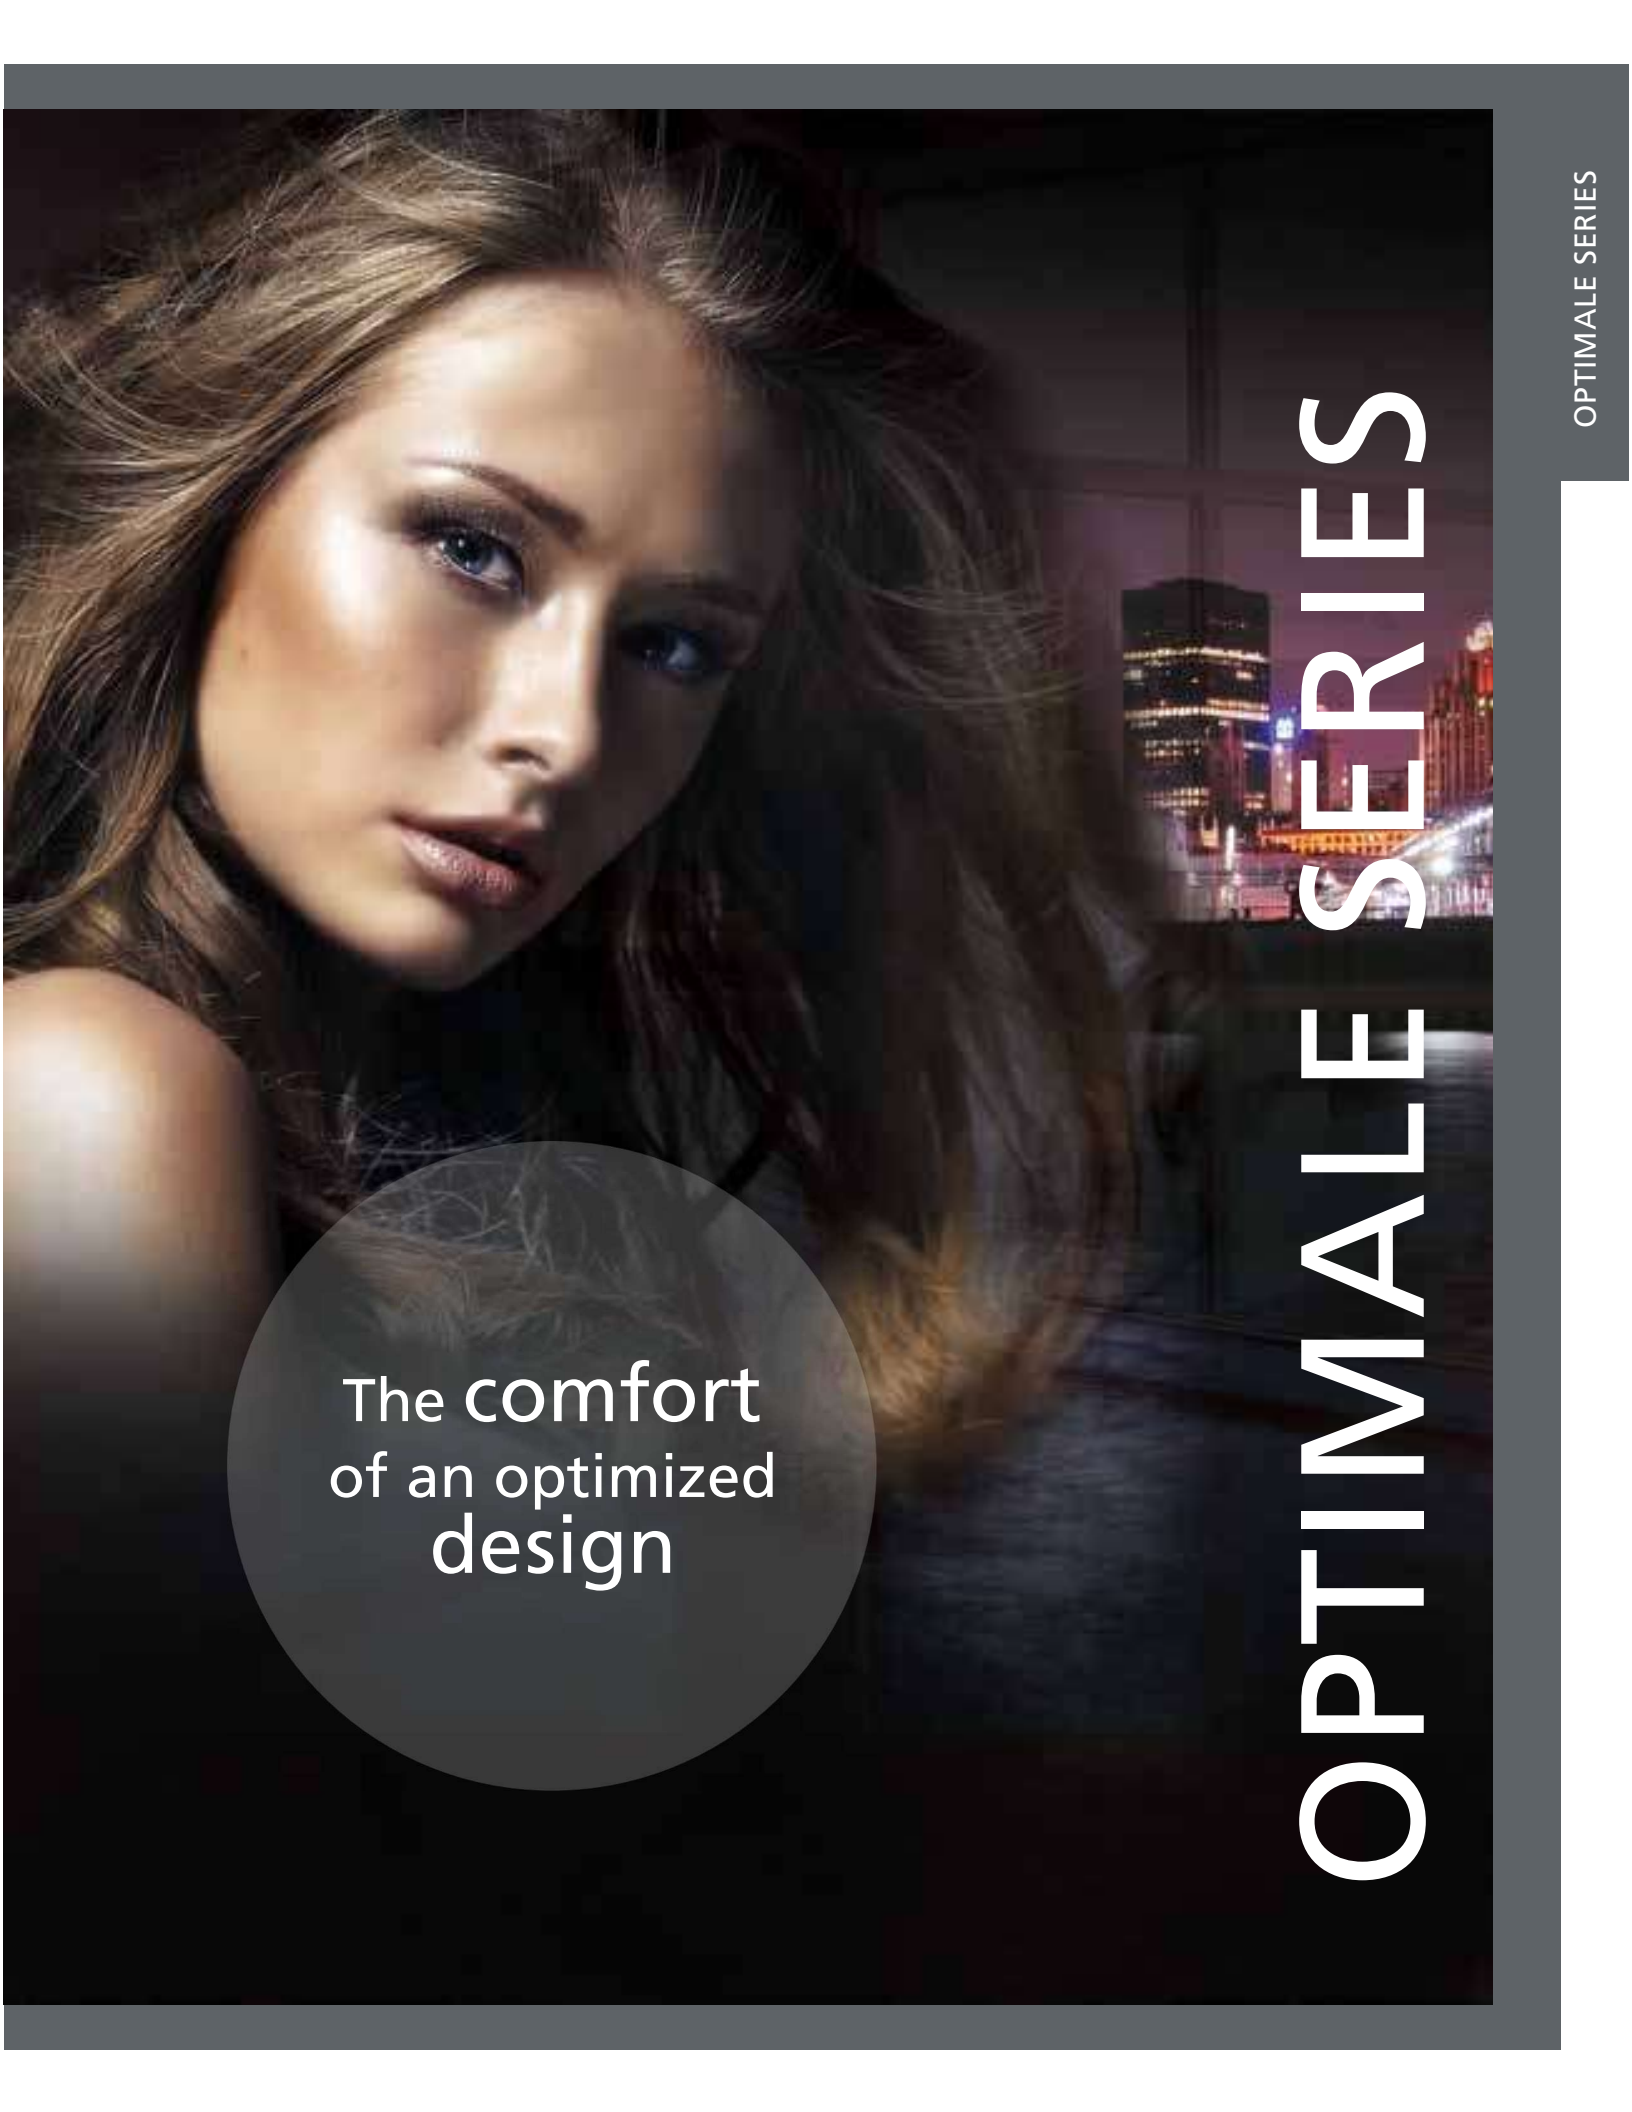

Essential to life, water is the focus of Oceania, which is dedicated to optimizing its presence in the home spa environment.

Its premium products stand out for their ingenious and visionary features. Oceania innovations set trends.

A natural fit with the home environments of trendsetters and the traditionally minded alike, Oceania promotes the design, lifestyle and sustainability values of today.

OCEANIA—INTEGRATION IN THE SERVICE OF PERFECTION

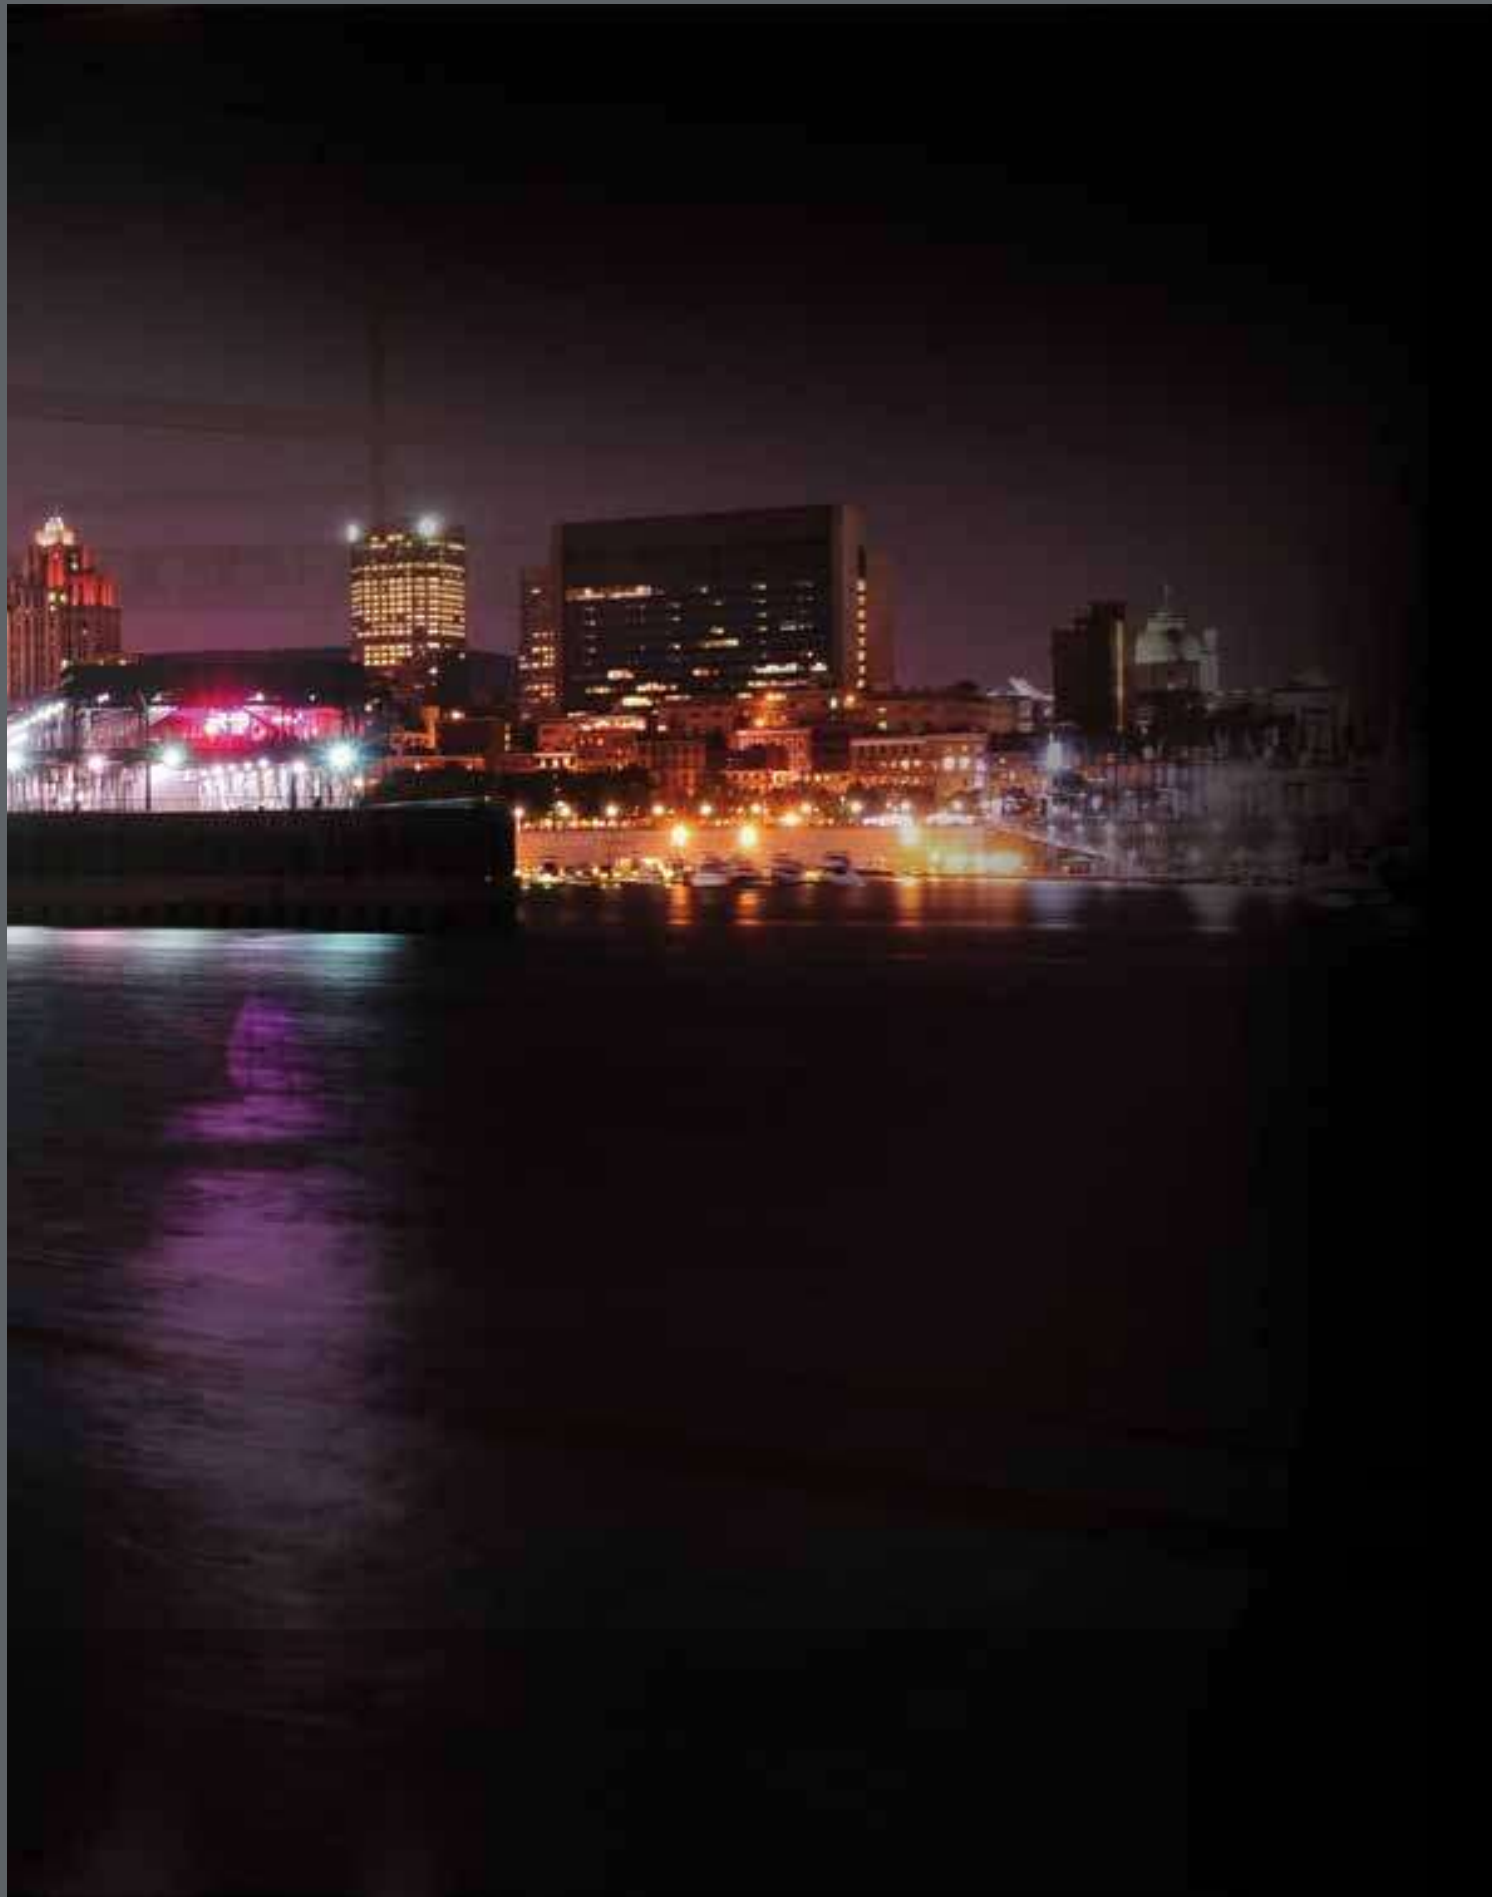

All Oceania products are designed and manufactured in Quebec, Canada, with the greatest respect for the regional economy and environment. Perfection in every respect is Oceania's constant concern.

The comfort
of an optimized
design

OPTIMALE SERIES

OPTIMALE SERIES

Marelia California

OPTIMALE SERIES

Linear mounting (ML)

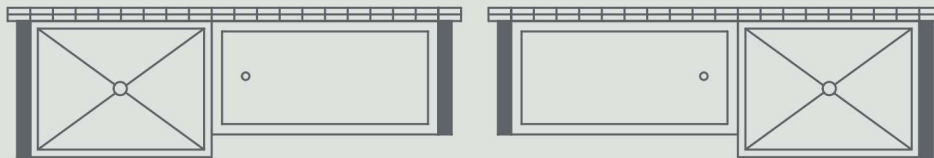

Placed "in-line" with each other, the assembled bath-shower give an urban and contemporary look to small bathrooms.

This clever and functional integrated bath-shower layout, utilizing only the highest quality and most modern materials, provides unmatched comfort.

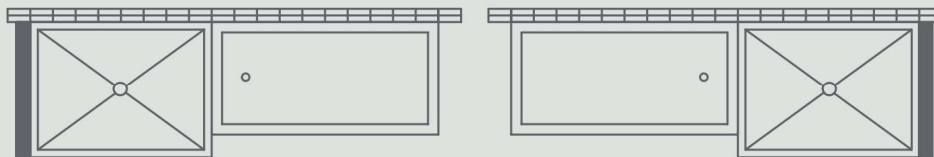

Depending on the available space, the shower door is available either sliding or hinged.

Linear mounting (ML)

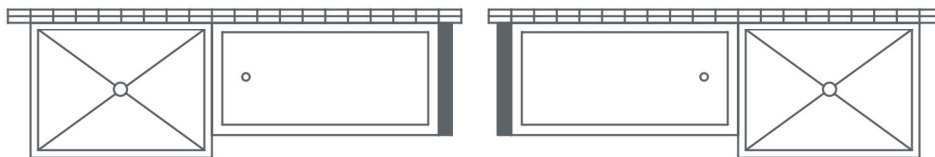

ML1 – 2 dividing walls, 1 on bath and 1 on shower

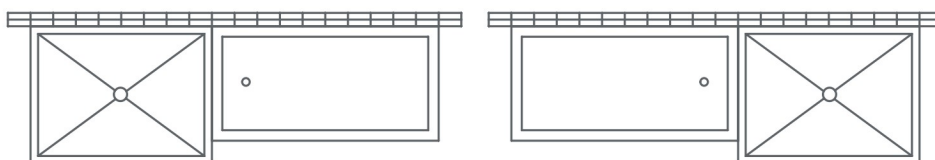

ML2 – 1 dividing wall on shower

ML3 – 1 dividing wall on bathtub

ML4 – No dividing wall

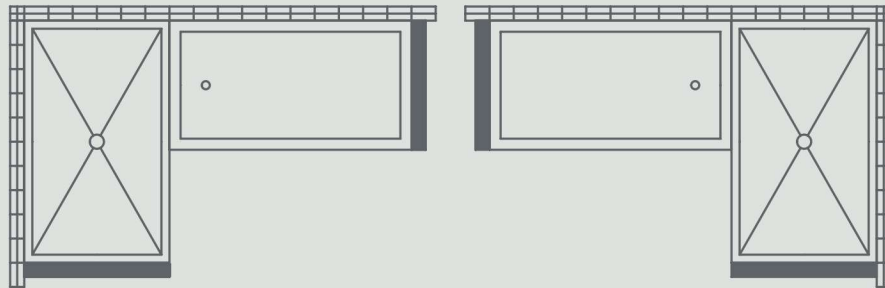

Angular mounting (MA)

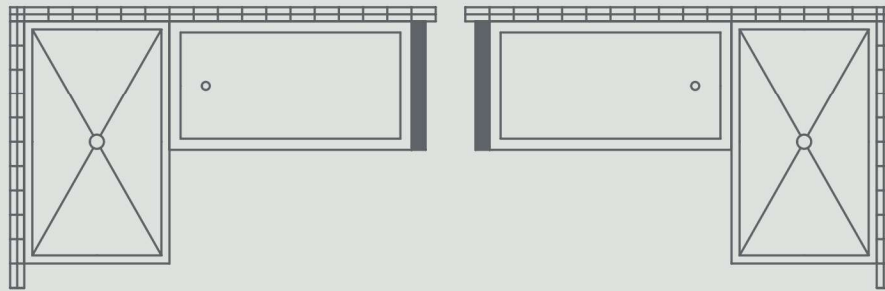

The two elements of this bath-shower combination is characterized by the angle of the shower in relation to the bathtub. The angular design gives trendy style and beauty that is perfect for maximizing available space. The shower is available only with sliding door.

Angular mounting (MA)

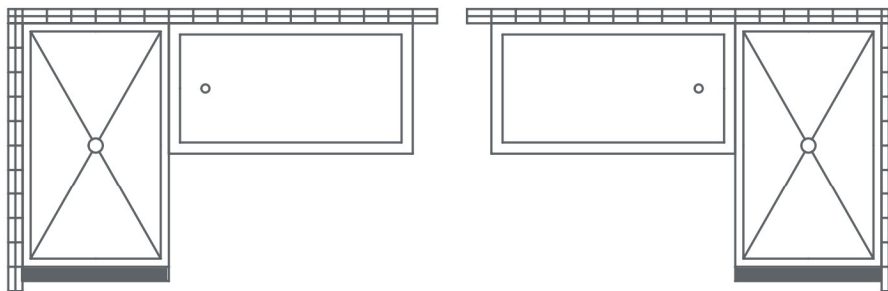

MA1 – 2 dividing walls, 1 on bath and 1 on shower

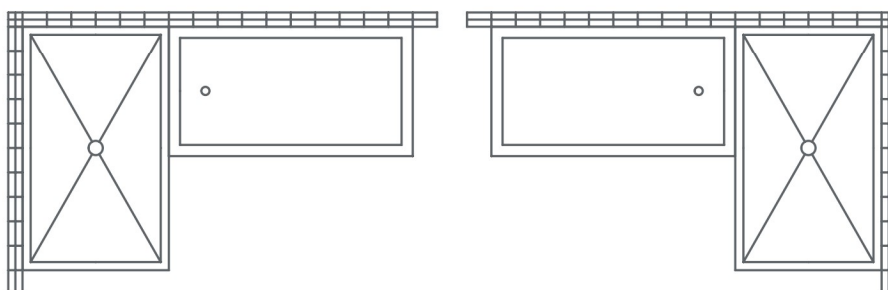

MA2 – 1 dividing wall on bath

MA3 – 1 dividing wall on shower

MA4 – No dividing walls

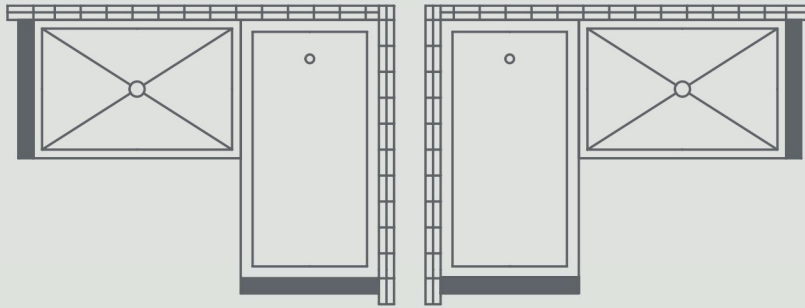

Side mounting (MC)

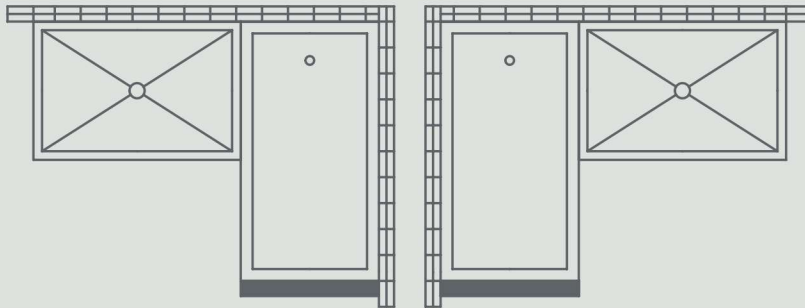

In this advanced design configuration, the bathtub and the shower are arranged one beside the other. This arrangement is ideal for smaller designed bathrooms. Shower is available with either sliding or hinged doors in the desired size.

Side mounting (MC)

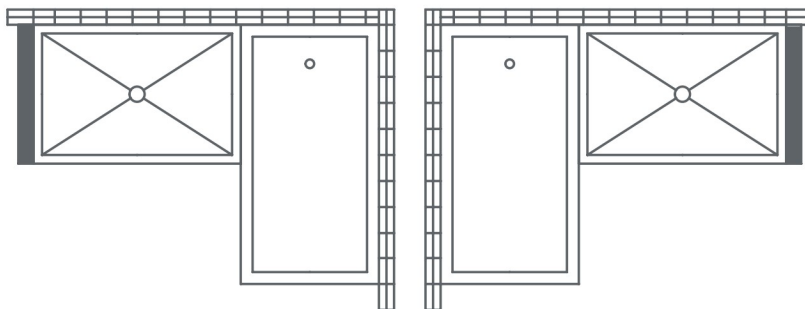

MC1 – 2 dividing walls, 1 on bath and 1 on shower

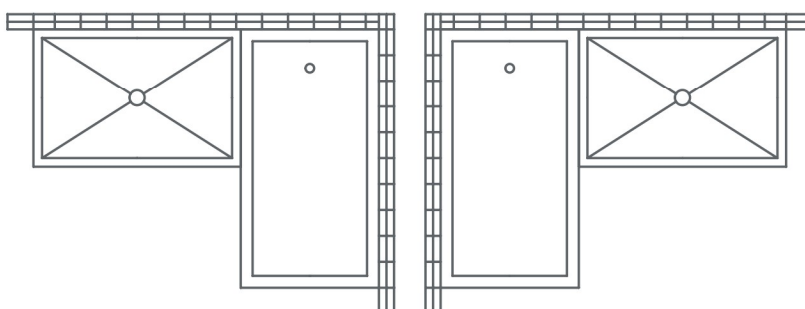

MC2 – 1 dividing wall on bath

MC3 – 1 dividing wall on shower

MC4 – No dividing walls

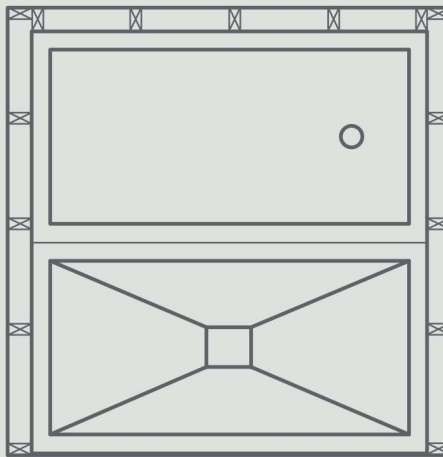

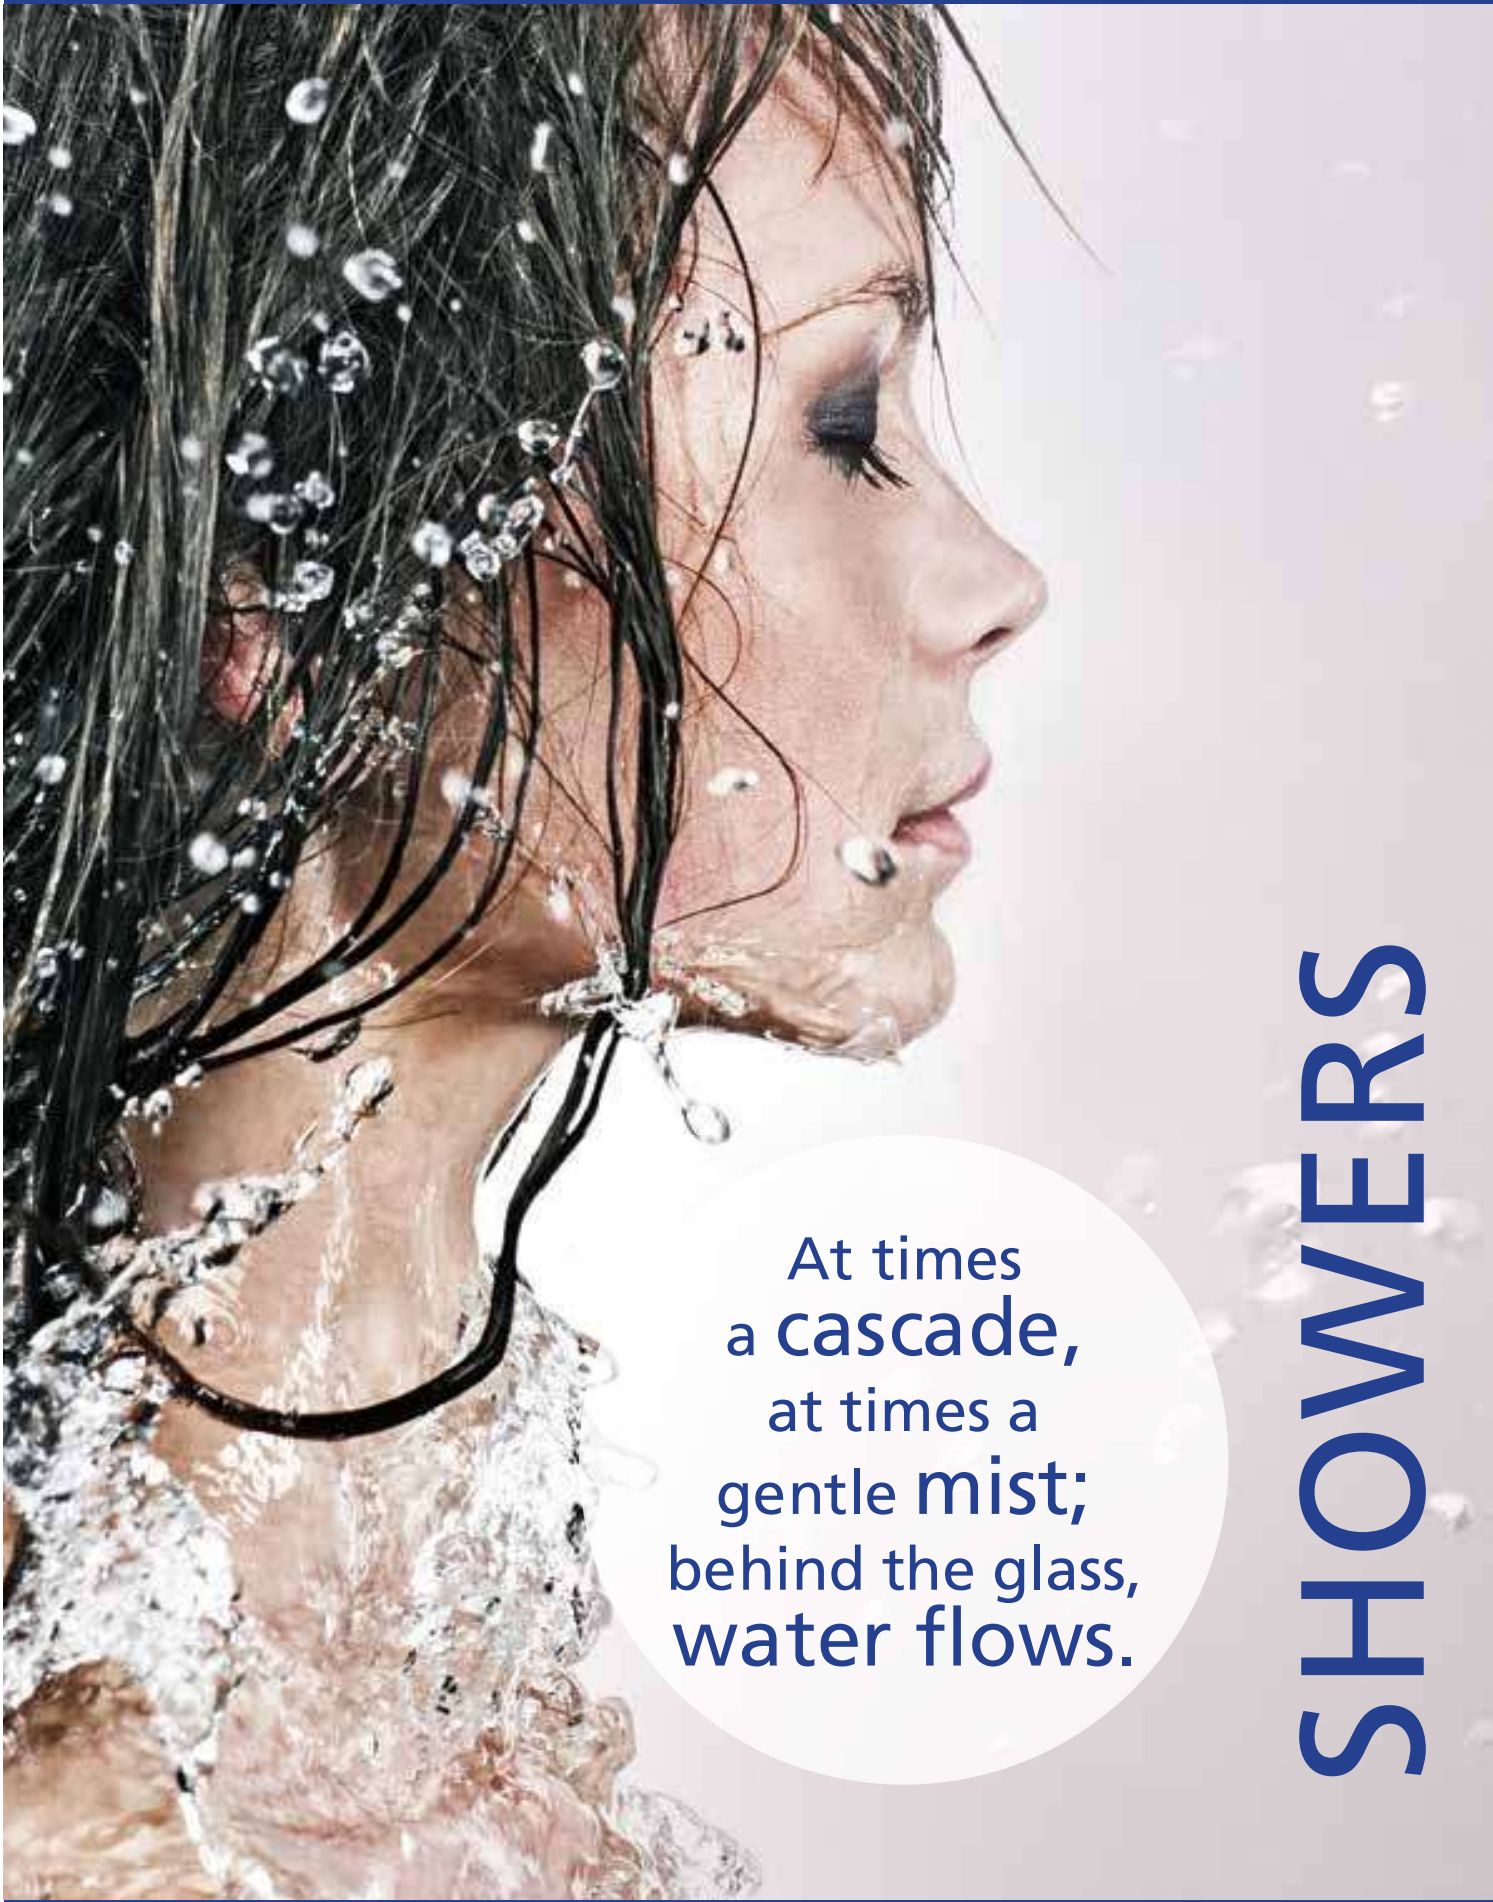

Parallel mounting (MP)

In this advanced design configuration, the bathtub and the shower are arranged in front of the other in this wet room concept. This arrangement is ideal for smaller designed bathrooms. Shower is available with sliding door only.

Parallel mounting (MP)

MP – 3 dividing walls

At times
a **cascade**,
at times a
gentle **mist**;
behind the glass,
water flows.

SHOWERS

FOR OCEANIA... REDEFINING THE SHOWER IS REINVENTING THE HOME SPA ENVIRONMENT.

Professional installers laud Oceania showers for a reason. They are the product of the application of intelligent engineering from inception, ensuring their quality in terms of components exceeding standards, unrivaled precision of assembly, and structural integrity guaranteeing uncommon durability.

ADVANCED DESIGN. TECHNICAL PERFECTION

GLASS

Sliding doors and panels made of 3/8-inch-thick tempered glass. Exclusive Oceania Clear View™ water-repellent treatment.

MECHANISMS

Oversized glides for effortless sliding motion. Shock-resistant reinforced stops. Bolted hinges.

WATERTIGHTNESS

Silicone-free wall-mount assembly. Clear acrylic door seals featuring anti-yellowing protection (with the exception of round- and angled-base models).

STRUCTURE

Extremely rigid structure. Reinforcement bars. 100% Lucite XL™ acrylic molded bases and (one- or two-piece) shells.

INSTALLATION

Flawless quick installation every time. Precision components and mechanisms.

HIGH QUALITY

With Lucite XL™ acrylic and composite reinforcements, along with superior mechanical and electrical components, the overall high quality of Oceania products makes it a market leader.

An appealing
little corner of
the world to wipe
away the cares of
the day away.

ALCOVE SHOWERS

The Oceania alcove shower doors have been developed to offer a broad choice of sizes and styles. Each model has been researched to combine the best of the design and technical worlds.

Available in a pivot, hinged or sliding configuration.

Fixed shower screens

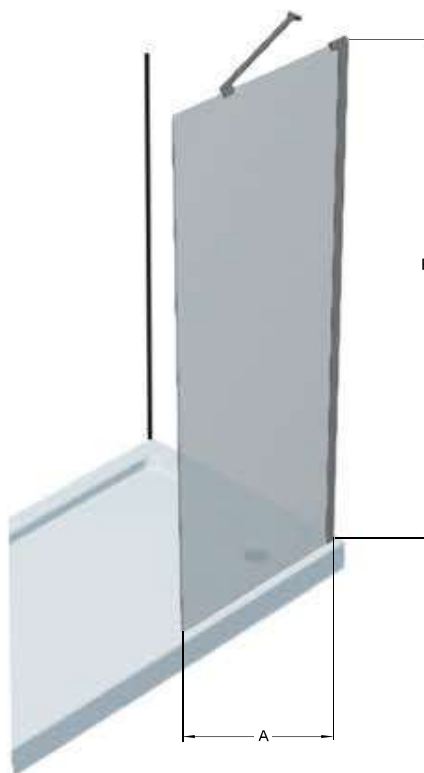

R

Modern and minimalist fixed shower screens allowing a multitude of possibilities and arrangements according to your needs.

- 8 mm tempered glass treated with Oceania's exclusive Clear View™ water-repellent technology
- Chrome finish
- Fast, easy left or right hand installation
- Can be combined for a corner shower configuration.

SHOWER BASES

Oceania offers a wide diversity of shower base sizes that provides a broad scope of possibilities. Made with high quality materials, it is conceived to give an unparalleled solid and sturdy surface.

Available in many configurations to accommodate the several bathroom challenges and realities.

Shower bases

QUICK INSTALLATION SHOWER BASES

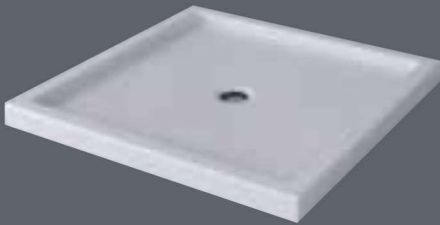

Oceania shower bases offer the following advantages:

- Come with integrated support that gives the pan a solid surface without any movement
- Can be installed in no time, no concrete needed
- Lucite® Acrylic, 20-year warranty
- Acrylic tiling flange, no possible leaks
- Non-porous acrylic, easy to maintain
- Will not yellow
- Can easily be repaired

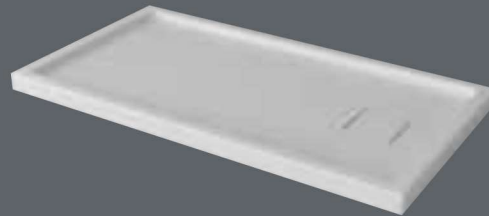

Shower bases

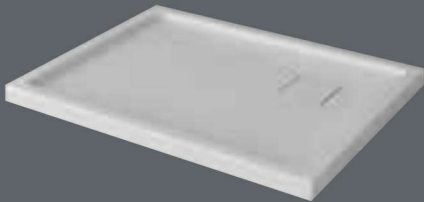

Acrylic shower base with regular drain and textured floor (BT3636)

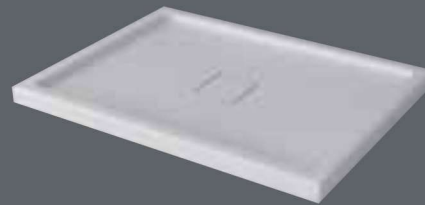

Rectangular acrylic shower base with square drain cover, right drain (SB60R32)

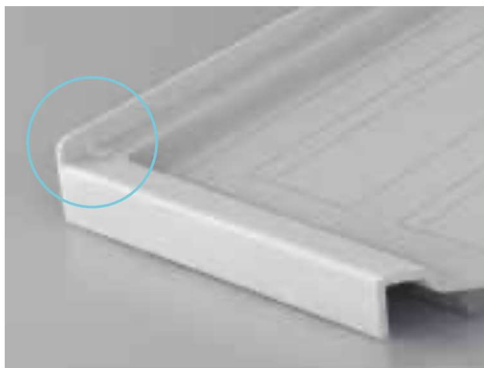

Rectangular acrylic shower base with square drain cover drain positioned at 12" X 12" (SB48R3612)

Rectangular acrylic shower base with square drain cover, centered drain (SB4836)

SHOWER BASES

Installation guide and complete technical specifications are available at www.oceania-attitude.com

No more leaks!

Because of the leak-proof barrier included in the acrylic flange molded into the base, no leakage is possible. The leak-proof barrier redirects the excess water directly into the base.

A SOLID WARRANTY

All Oceania products, with the exception of glass shower doors and bathtubs from The Influence Series, are designed, manufactured and assembled in the Canadian province of Quebec. That choice results in a very tangible benefit for both you and us: our people work diligently from design to delivery, with nothing escaping their intense focus on quality control.

The structure and system of the products in our regular lines are covered by a 20-year limited warranty. The shower doors from the EKO series and the Comfort Air systems are covered by a 5-year limited warranty. The shower doors are covered by a 10-year limited warranty. The bathtub of the Influence series are covered by a 10-year limited warranty.

You can find complete and exact descriptions of the terms of these warranties in the "Documents" section of our website: www.oceania-attitude.com.

WARRANTY

THE ENVIRONMENT

A RESPONSIBLE ATTITUDE THAT'S EXEMPLARY

Here at Oceania, environmental responsibility is much more than a simple corporate value. For us, it's an urgent necessity.

We have set up very strict policies designed to minimize the environmental impact of our operations and boost the sustainability of resources. Our priority: to ensure we always make the smartest, most responsible choices in respect to the environment.

We are especially proud of our accomplishments and of manufacturing our products in Canada. We will not cease to intensify our efforts.

- implementation in our plant of the least energy-consuming methods and processes possible
- impact reduction in regard to the use of potentially polluting processes and materials
- employment of hybrid resins in manufacturing
- utilization of a single high-performance blower in air-jet systems
- heat recovery feature in all our air bath systems
- use of local materials whenever possible to reduce shipping-related greenhouse gas emissions
- reduction of waste in terms of the packaging and installation of all our products
- ongoing research on sustainable "green" materials that are less harmful to the environment
