

HOUSE OF ROHL

PRESENTS

Riobel®

#### LUXURY DESIGNED TO BE LIVED WITH

Originating in Quebec, Riobel® combines European panache with North American flair for a confident and creative style with effortless edge and spirited simplicity. Symmetry is key to thoughtful creations with geometric shapes and architectural angles, rounded arcs and inspired finishes, all of which are not just artistic choices, but made to enhance performance as well. Design and engineering work hand in hand, and come together brilliantly through imagination, innovation, and ingenuity. The latest technologies and patented systems are enabled by beautiful design, and vice versa. With award-winning collections that will be as true tomorrow as they are today, and the most advanced performance, Riobel® is luxury designed to be lived with.

# QUICK CONNECT 8"

## EASY INSTALLATION FOR 8" LAVATORY FAUCET

- Easy installation due to Quick Connect for spout and spindle connection
- Hot and cold water supply included
- Spindle's attachment kit: nut with 2 screws for better stability

## NEW 8" LAVATORY FAUCET SPINDLE

- Nylon supply lines included
- Spindle in brass
- T - Quick Connect
- Nylon hoses between spout and spindle
- Spindle assembly from the top or underneath vanity
- No more plastic part in the spindle

# TOUCHLESS KITCHEN FAUCET

## TECHNOLOGY

- An electronic cartridge communicates temperature and water flow to the control box.
- The control box has two inline motors for mixing hot and cold water supplies.
- Powered by 6 AA-size batteries with a lifespan of approximately 1 year or can be powered with the optional AC power adapter.
- AC adapter kit (hardwired installation) sold separately.

Product #: U.CC80AC / Price: \$185

## FUNCTIONAL CAPABILITIES

- Touchless technology allows water to be turned on and off with a simple wave of the hand.
- Two ways to control the faucet: with the motion sensor or with the standard handle.
- When movement is detected a small blue LED indicator, located at the bottom of the sensor, will turn on.
- The handle must be in the closed position for the sensor to operate.
- In Touchless setting, presetting the position of the handle will determine the desired water temperature, while presetting the angle of the handle will regulate water flow.
- In Manual setting, the standard handle adjusts both the temperature and water flow.
- The LED indicator will blink when the AA batteries need to be changed.

## IMPORTANT INFORMATION

With wired installation (AC adapter), the faucet will not function in the event of a power failure (No electricity - No water). We suggest that you save the battery pack to allow you to use the faucet during power outages. The touchless faucet cannot work without a power supply (battery or AC power).

# RETRACTABLE HAND SPRAY

## BOOMERANG™

### RETURNS TO ITS ORIGINAL POSITION QUICKLY AND EASILY

Riobel's collection of modern kitchen faucets comes with an ingenious Boomerang™ pull-down spray system, which allows the sprayer to return to its original position quickly and easily. The hose is made of braided nylon, which is a silent and durable material, and the sprayer has an integrated swivel joint for easy handling to rinse vegetables, wash the sink and even fill a pan or pot with water.

## DISTINCTIVE FEATURES

### QUALITY AND DURABILITY

Riobel provides products of superior quality, backed by a limited lifetime warranty.

### EASE OF INSTALLATION

Riobel faucets are designed for easy installation, access and maintenance.

### TIME-TESTED FINISHES

All Riobel products in brushed nickel, polished nickel, brushed gold and stainless steel are treated with a high-tech coating (PVD) to protect them from tarnishing, discoloration, scratching and corrosion.

### GERMAN CERAMIC CARTRIDGES

We equip all our dual-handle lavatory and bathtub faucets with German ceramic cartridges to ensure durability and optimum performance.

### WARRANTY

We offer a limited lifetime warranty on our chrome, brushed chrome, brushed nickel (PVD), polished nickel (PVD), brushed gold (PVD), black and stainless steel (PVD) finishes and parts, starting from the date of purchase and against any manufacturing defects. Other finishes are protected by a one-year limited warranty.

### CERTIFICATIONS

Riobel products are certified by, and are in compliance with, the following standards: ASME A112.18.1, CSA B125.1, CMR 248, ASSE 1016, NSF 61 and NSF 372. These standards are listed with IAPMO.

### ECOLOGICAL PRODUCTS

At Riobel, the environment is very important to us. That's why we have equipped most of our lavatory faucets with efficient aerators to reduce their flow to 4.5 litres (1.2 gallons) per minute. In addition, we are working to develop environmentally friendly packaging for our products.

## THE STORY OF A LIFE WELL CRAFTED

### INTERESTING LIVES LED AND CURATED WITH THE HOUSE OF ROHL®

At House of Rohl® we are on an endless journey for the finest in artisanship, craft and technical prowess. We see the potential in stone and clay, brass and steel, poured and casted, glazed and fired, and the transformation into the finest of fixtures. We pursue rare beauty and inspired design that has a unique perspective and provenance.
